Iowa Council of Foundations

The Iowa Council of Foundations (ICoF) was originally organized in 1998 as an informal network of grant-makers across the state. Since that time, the organization has engaged in numerous activities that promote

philanthropy in Iowa. The mission of the ICoF is to strengthen philanthropy and effective grant-making, doing so through education and networking opportunities. For a complete list of members and information on joining, visit www.IowaCouncilofFoundations.org.

For more information on the ICoF's Iowa Community Foundations Initiative, visit www.IowaCommunityFoundations.org.

Iowa Gaming Association

Iowa Gaming Association

The IGA is an advocate for its member casinos, which are a viable part of the state's economy and add value to the entertainment and tourism industry. The IGA's members are:

Ameristar Casino – Council Bluffs; Catfish

Bend Casino – Burlington; Diamond Jo Casino – Dubuque; Diamond Jo Worth Casino – Northwood; Grand Falls Casino Resort – Larchwood; Hard Rock Casino – Sioux City; Harrah's Casino Hotel – Council Bluffs; Horseshoe Casino & Bluffs Run Greyhound Park – Council Bluffs; Isle Casino Hotel – Bettendorf; Isle Casino Hotel – Waterloo; Lady Luck Casino – Marquette; Lakeside Hotel and Casino – Osceola; Mystique – Dubuque; Prairie Meadows – Altoona; Riverside Casino and Golf Resort – Riverside; Rhythm City Casino – Davenport; Wild Rose Casino – Clinton; Wild Rose Casino – Emmetsburg.

Iowa Economic Development Authority (IEDA)

Our mission is to strengthen economic and community vitality by building partnerships and leveraging resources to make Iowa the choice for people and business. Through our two main divisions – business development and community development – IEDA administers several state and federal programs to meet its goals of assisting individuals, communities and businesses. Supporting philanthropic endeavors around Iowa pays off in a big way for communities around our state. Tax credit programs administered by the Iowa Economic Department Authority (IEDA) help encourage these important philanthropic investments in community funds. IEDA is proud to administer the County Endowment Fund in cooperation with the Iowa Council of Foundations (ICoF).

A Catalyst for Philanthropic Partnerships

From county to county across our great state, philanthropy is shaping Iowa in transformational and positive ways. Whether it is a new museum, a coordinated trail system or a new shelf of books at the local library, charitable dollars are meeting the needs of Iowans in very unique ways. The philanthropic landscape in our state is enhanced by unique programs endorsed and supported by legislators and community leaders. These initiatives make the cultural fabric in Iowa vibrant!

Throughout the state, we are celebrating more than ten years of the County Endowment Fund Program. Unique to Iowa, this initiative was created by the Legislature in 2004 and is funded through a percentage of the commercial casinos' gaming tax revenues. Grants made create a strong community foundation infrastructure in 84 counties that do not hold a state-issued gaming license.

In this past decade, over \$71 million in grants have been awarded to nonprofit organizations. In addition, over 1,500 community citizens have come together to volunteer and effectively lead to make sound decisions about their grants. More remarkable is how this has been a catalyst for philanthropic partnerships! Since inception, countless relationships have been formed between organizations, businesses, individuals and groups for the good of our state.

Designed to provide grants for nonprofits and encourage endowment growth for these 84 counties, to date, the program has helped secure \$155 million in endowed assets. These endowment funds ensure nonprofits, and counties have a sustainable source of revenue that helps create positive change in their communities for years to come.

In addition, Iowa requires each regulated licensed casino in the state to contribute a portion of its revenues to area nonprofit and charitable projects. As a result, each year casinos provide millions of dollars to strengthen and grow nonprofits and rural areas in each corner of our state! Details of these grant-making activities in the 15 counties with a casino and grants made through the County Endowment Fund program are highlighted in this annual report.

You will see each page is filled with examples of how, through this work, each county is meeting the specific needs of its area. You will learn about the grants made through these incredible initiatives and how each county utilizes dollars to make its cities and towns great places to live, work, raise families and retire.

We thank the legislators for their ongoing partnership and support in keeping these programs and the Endow Iowa Tax Credit Program viable and available to these counties and Iowans.

The County Endowment Fund Program (HF 2302)

The state of Iowa is unique in that it has two legislated programs focused on increasing philanthropic activity to enhance the quality of life for Iowans. Both programs, the Endow Iowa Tax Credit Program and the County Endowment Fund Program, are implemented through local community foundations.

Created in 2004, the County Endowment Fund (HF 2302) program is funded by a percentage of the state's commercial gaming tax revenue. Initially, the amount was one half of one percent (0.5%) of the gaming tax revenue; this was increased to eight-tenths of one percent (0.8%) in 2006. These funds are distributed annually to participating community foundations and affiliate community foundations associated with counties without a state-issued gaming license. (For more information about Endow Iowa and a timeline of key dates in the history of both programs, visit www.iowacommunityfoundations.org.)

What Is a Community Foundation?

Community foundations are tax-exempt, nonprofit organizations established to meet the current and future needs of local communities. They are trusted and valuable resources for individuals, families, businesses, nonprofit organizations, and professional advisors working to build local philanthropy, with a focus on creating endowments for the long-term benefit of charitable projects and programs. Community foundations provide grant support for a broad range of community needs such as arts and culture, health, human services, and historic preservation. Because a community foundation carries the status of a publicly supported nonprofit, it also grows assets through contributions from many donors. A community foundation often has numerous funds as part of its total assets. Scholarship funds, agency endowment funds and donor-advised funds all allow donors to make a charitable impact in the area of interest to them. Collectively, nearly 1,500 Iowans volunteer their time and energy in the community foundation movement in Iowa.

An affiliate community foundation is a component of a community foundation that is, by the most simple definition, a fund or collective of funds that is advised by a group of leaders in a specific geographic area. For example, there may be eight community leaders in XYZ County who advise grants from a charitable fund and rely on a "host" community foundation to be responsible for all of the administrative requirements of those charitable funds. Most commonly in Iowa, community foundations that have affiliate funds approach the administration of those funds similar to administering an entire community foundation, but as a component of the larger, host community foundation. These funds are then monitored in some way by a local collective of people from the geographic area being served.

How the County Endowment Funds Are Used

The County Endowment Fund Program stipulates that the countywide community foundations that participate in the program distribute 75% of the allocated funds to charitable projects/programs within their counties. The remaining 25% is used to build the unrestricted endowment fund for that county to provide future grant support.

Community foundation grant-making is done at the local level. Each county develops its grant distribution processes and involves local citizens to review and allocate funding to charitable projects/programs that impact a broad range of a community's well-being. Because of this local involvement, grant awards vary from year to year, based on current and emerging needs. Each of the 85 counties that participated in this program submitted reports to the Iowa Council of Foundations and the Iowa Economic Development Authority. These reports outline the grant award recipients and provide additional information about the community foundations; the results are outlined on pages 8 – 50.

Statewide Statistics on the Program

*The 10th year of the County Endowment Fund Program resulted in 2,130 grant awards totaling \$8,380,537.04 throughout Iowa. These awards were made after careful review of applicants in each of the 85 counties. Collectively, the program generated nearly 2,918 grant applications seeking funding of \$18,396,434 for a wide range of programs and projects.**

In their reports, the counties outlined grant award recipients using a common listing to categorize each grant as either program- or capital-based, with a particular focus

on one of seven categories. The chart below serves as a key for the grants outlined in each of the county reports.

Grant Categorization

Program-based: operational, activity, general programmatic support

Capital-based: the building of or physical improvement of something

Focus Area

Arts/Culture/Humanities: museums, historic preservation, exhibits, etc.

Education: schools – all ages, adult learning programs, etc.

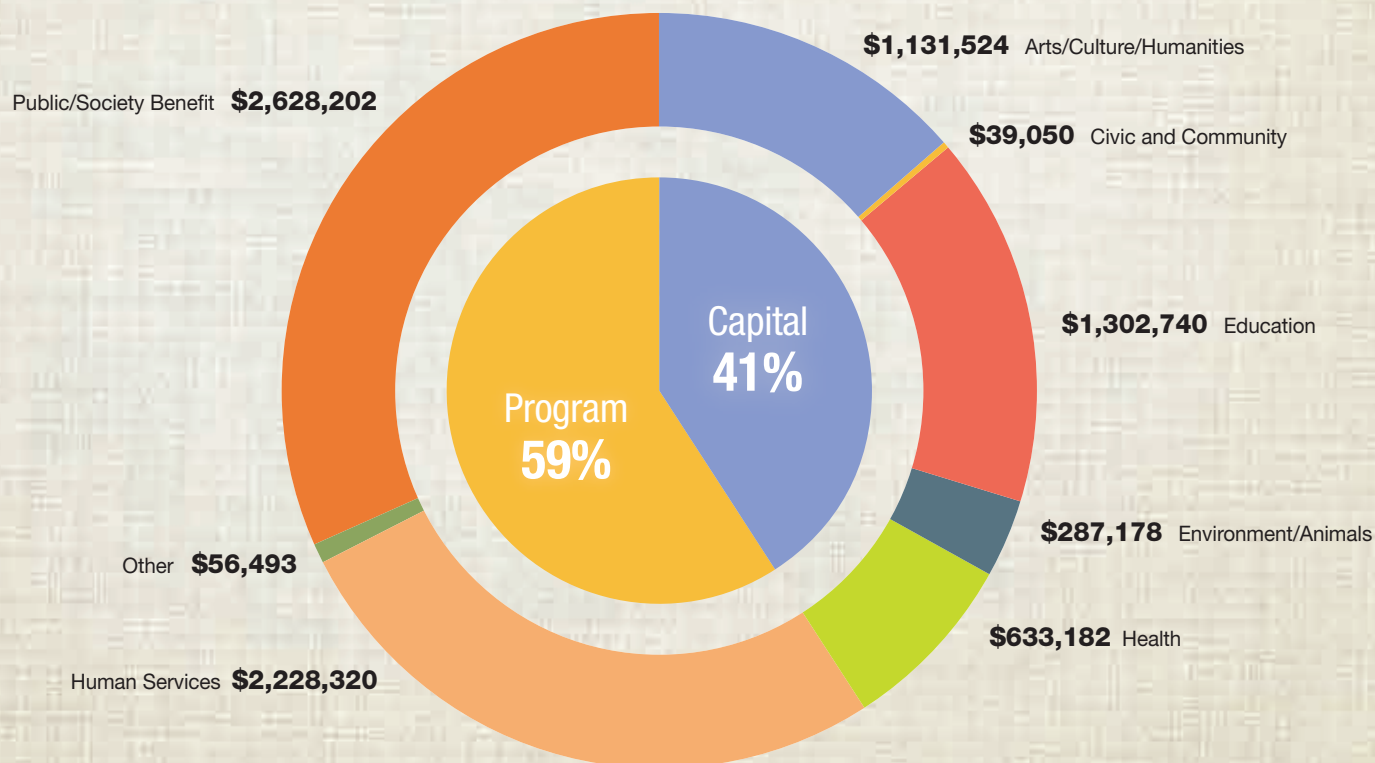

Environment/Animals: environmental protection, beautification, animal-related issues

Health: general, rehabilitative, mental, etc.

Human Services: public protection/safety, recreation, youth development, social support, general human services

Community/Public/Society Benefit: community improvement/development, philanthropy/volunteerism, capacity building, civil rights, etc.

Other

*Compiled information is based on reports completed by the community foundations.

Casinos' Nonprofit Organizations Provide Millions of Dollars in Grants Annually

Each of the 19 commercial casinos located in 15 Iowa counties is required to share its license with a Qualified Sponsoring Organization or operate as a nonprofit entity. These nonprofit license holders receive a certain portion from their respective casino's gaming revenue and annually reinvest in numerous charitable and civic needs. Thousands of grant applications are received each year to be scored by the respective board of directors, who then award millions of dollars annually to a diverse array of community and charitable causes. On the following pages you will see a summary of those impressive grant-making initiatives from each casino license holder.

You will see that their primary areas of emphasis vary based on what will best benefit their areas. Categories include:

Governmental
Cultural and Historical Attractions
Economic and Community Development
Youth
Environmental
Human Services
Education
Churches and Patriotism
Parks and Recreation
Public Safety

I encourage you to visit the Iowa Gaming Association website at www.iowagaming.org, and click on "Our Members/License Holders" to find applications, guidelines and archives of each of their recent years' grant distributions.

Total Number of Grants Committed in 2015: 108

Total Amount in Grants Awarded in 2015: \$4,733,426.00

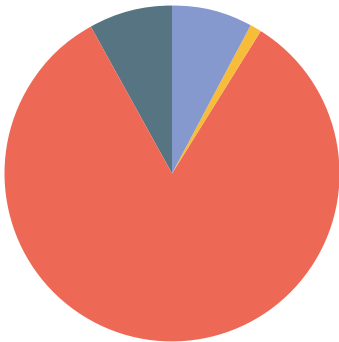

List of Primary Grant Emphasis Areas:

Community Development and Beautification – A high priority is given to community development projects that encourage neighborhood revitalization and create more livable neighborhoods. Proposals that improve the quality of life and enhance the image and/or appearance of our communities will be seriously considered.

Economic Development – An important goal is to retain or create family wage jobs that result in increased economic self-sufficiency for area families and residents. The Foundation's primary economic development role is to serve as a catalyst by building the capacity of the public and the nonprofit sectors to effectively plan and manage economic development projects.

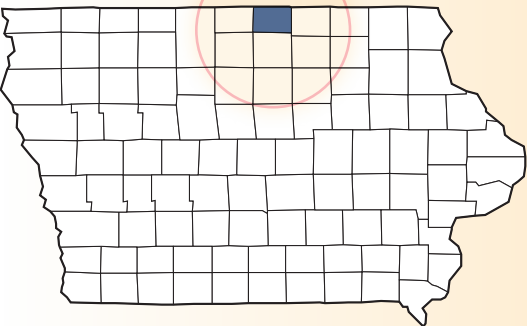

Education and Arts – The Foundation has an interest in new and innovative programs that promote life-long learning, academic performance and workforce preparation. Education programs, including early childhood education, that address underserved age groups and serve children from economically and educationally disadvantaged families are considered.

Human and Social Needs – The Foundation places a high priority on innovative programs that strengthen families, address the needs of underserved youth, provide services to senior citizens, and help all citizens reach their potential. The retention of young adults in our communities is an important goal of the Foundation. In addition, the Foundation has an interest in quality daycare programs for our youth.
